Richmond Heights child care center entrepreneurs celebrate opening of second location

Richmond Heights, OH – March 23, 2012 – Early Steps Learning Center is pleased to announce the opening of their second Richmond Heights child care center.

“Early Steps was presented with a wonderful opportunity to grow our business in Richmond Heights. What better place to expand our business than this community, who has support us for nearly a decade. Families here have shown us just how much they value our educational programs. We are thrilled for the opportunity to offer our philosophy of care and education to more local families”, comments Angela Barringer, Owner and Director.

Early Steps has offered child care and educational programs at their Chardon Road Center for the past 9 years. Ms. Barringer reflects, “Over the years we have learned what a blessing it is to have the responsibility and opportunity to help shape young hearts and minds. We are passionate about preparing children for kindergarten and the future. Our method includes using a proven curriculum in a nurturing, safe and secure environment...and mixing in a whole lot of fun!”

When asked what makes Early Step’s model successful, the owners attribute it to their unique specialties in business management and childhood development. They stress the importance of running a professional, quality educational center while identifying the needs of each child and offering early intervention resources where needed.

The new child care center, located at 468 Richmond Road, will be open in April of 2012 and offer programs for children from 6 weeks through 11 years old from Monday through Saturday.

About Early Steps Learning Center

Early Steps Learning Center is a star-rated child care center with an exceptional education program and qualified staff who have a passion for fun. The Center is located on the East Side of Cleveland, Ohio in Richmond Heights. Teachers and staff are devoted to the Center’s *Philosophy of Care*, in which they commit to providing a safe, secure, caring and stimulating environment to help children develop socially, emotionally and intellectually. In addition to curriculum-based educational programs, special programs such as Montessori Preschool, Spanish, Sign Language, and Christian Club give children even more opportunities to learn and grow. And don’t forget about fun - learning through play is what they are all about! For more information, visit www.earlystepslearningcenter.com.
